Title: *Diamonds on the Soles of Her Shoes*

Subtitle: *Africa's People, Africa's Plight, Africa's Future*

Author: WTL International / Aisha Hammah

Description: Theoretically, every clue we need to take us from Revelation to Resurrection is accessible to us. *Diamonds on the Soles of Her Shoes* examines an important consideration that may bring us some of the best clues. It takes a serious look at the theory that those identified as Israelites in the Bible were Black people. Insightful and well-meaning, this series teaches that there could be a lot more to this theory which society's biases and complexes have compelled us not to take seriously. Book 1 introduces the series, then broaches the first examples.
