THE GREAT SERIES

Title: *Christianity vs. Black Zionist Christianity Complete Set*

Subtitle: *Africa's People, Africa's Plight, Africa's Future*

Description: Theoretically, every clue we need to take us from Revelation to Resurrection is accessible to us. *Christianity vs. Black Zionist Christianity* examines an important consideration with implications that may take society further spiritually. It weighs the consideration that the God of Creation revealed the power of His prophecy via His dealings with Black people. It uses an educational approach, presenting facts with some instincts. This is a set with ten foundational books and a bonus book, plus a full colour art program inside.
